Occupational Certificate:

Early Childhood Development Practitioner – NQF Level 4

SAQA ID: 97542 | Credits: 131 | Duration: 12-month | QCTO Learnership

1. Course Overview

The **Occupational Certificate: Early Childhood Development Practitioner** equips learners with the knowledge, practical skills, and workplace experience required to provide high-quality care and education for young children from birth to school-going age.

This qualification prepares practitioners to plan and deliver inclusive, play-based learning experiences; observe and assess children's development; promote their health, safety, and well-being; and engage with families and communities to support holistic growth.

It responds to South Africa's need for competent professionals in early learning and care across centre-based and non-centre-based settings, supporting national priorities for child development and education.

2. Learning Outcomes

On completion, learners will be able to:

- Plan and prepare stimulating learning environments and activities to meet the holistic needs of all children.
- Facilitate and mediate daily programmes that encourage play, exploration, and active learning.
- Observe, assess, and document children's progress according to developmental stages.
- Compile professional reports on each child's growth and learning.
- Maintain and promote children's health, safety, nutrition, protection, and overall well-being.

3. A Qualified Learner Will Be Able To:

- Implement inclusive learning programmes for children from birth to school-going age.
- Support children's physical, emotional, cognitive, and social development.
- Apply observation and assessment tools to inform learning opportunities and interventions.
- Build positive relationships with parents, guardians, and other professionals.
- Uphold standards of health, safety, and child protection in line with legislation and centre policies.
- Reflect on practice to continuously improve the quality of early childhood services.

4. International Comparability

This qualification compares favourably with global best practices for Early Childhood Education:

- **United States of America:** Aligns with competencies for early childhood professionals across child development, curriculum design, assessment, and family engagement.
- **United Kingdom:** Comparable to the **CACHE Level 3 Diploma in Early Years Education and Care**, focusing on holistic child development, safeguarding, and professional practice.
- **Kenya:** Matches the **CACHE Level 3 Diploma for the Early Years Workforce**, delivered through blended learning and emphasising health, well-being, and school readiness.

The structure, scope, and duration of the South African qualification align with these international standards, ensuring relevance and portability of skills.

5. Occupational Trainer – NQF Level 4 Certification

- **Occupational Certificate: Early Childhood Development Practitioner (SAQA ID 97542)**
- **NQF Level 4 (131 Credits)**
